FINE WORK.

W. R. Compton Thanks Liberty Loan Workers For Splendid Showing.

Compton, Chairman W. R. Compton, of the Fulton County Liberty Loan Committee, removed the following card of appreciation from the W. R. Compton building to the good work done in the district.

I want to thank you personally for your good work in the Fulton County Liberty Loan campaign. It is most gratifying to know that your committee responded to the call. That was expected, of course, but nevertheless it is difficult for me to place myself in the position of yourself and your fellow workers in the Liberty Loan campaign and realize the magnitude of your task, particularly in the campaign by reason of the large size of the loan and with the handicap which necessarily came through health conditions which were prevalent everywhere. All advised every task possibly had some effect.

Your State has oversubscribed its quota. Your District was the first in the United States to reach its quota and all members of the organization who aided in this great work are deserving of recognition and appreciation. Will you please express my feelings to all the good workers in your organization.

COMPLIMENTS BOARD.

Maj Henry F. Rhodes, chief selective service department of Kentucky, pays a splendid compliment to the Fulton County Local Board in the following letter:

"I am very glad to have received from you a report that your work of classification of the registrants to whom questionnaires have been mailed out had been completed. You are indeed making splendid progress with your classification, and when the examination of these men is completed, you will be able to have your local board placed on the honor roll. I know that getting out this work with the vim and vigor that has been shown by your membership inspires me that you will complete your classification of the entire registration in far less time than the one hundred days which we have set as our goal. May I not congratulate you on the success that you have made, and wish you a speedy accomplishment of the now work which you are about to enter. The high standard of efficiency that has been shown by your board is a source of much pleasure to me."

In the mention last week of the largest single bond sold, Syd. L. Dodds was given credit for the largest—a \$10,000 one. This doubtless left the impression it was the full amount of his purchase. As a matter of fact, Mr. Dodds purchased \$80,000 of the 4th loan bonds, bringing his total of bonds and stamps bought to the handsome figure of \$131,000.

PRESIDENT WOODROW WILSON

A. O. STANLEY.

HON. A. W. BARKLEY.

President Appeals to People to Elect Stanley and Barkley

My Fellow Countrymen:

The Congressional elections are at hand. They come in the most critical period my country has ever faced. I feel it my duty to face in our time. It you have approved of my leadership and wish me to continue to be your unobstructed spokesman in affairs at home and abroad, I earnestly beg that you will express yourselves unmistakably to that effect by returning a Democratic majority to both the Senate and House of Representatives.

"I am your servant and will accept your judgment without cavil, but my power to administer the great trust assigned me by the Constitution would be seriously impaired should your judgment be adverse, and I must frankly tell you so because so many serious issues depend upon your verdict. No example of leadership in grim times like these be allowed to stand in the way of speaking the plain truth.

DIVIDED LEADERSHIP

"I have not thought of suggesting that any political party is paramount in matters of patriotism. I feel too deeply the sacrifices which have been made in this war by all our citizens irrespective of party affiliations to harbor such an idea. I mean only that the difficulties and dangers of our present task are of a sort that makes it imperatively necessary that the Nation should give its undivided support to the Government under a united leadership and that a Republican Congress would divide the leadership.

"The leaders in the minority in the present Congress have unquestionably been pro war, but they have been anti administration. At almost every turn since we entered the war they have sought to take the choice of policy and the conduct of the war out of my hands and put it under the control of instrumentalities of their own choosing.

"This is no time either for divided council or for divided leadership. Unity of command is as necessary now in civil action as it is upon the field of battle. If the control of the House and the Senate should be taken away from the party now in power an op-

porary majority could assume control of legislation and oblige all action to be taken under control and obstruction.

The members of a Republican majority in either House of the Congress would be expected on the other side of the water as a repudiation of my leadership. Spoken men of the Republican party are urging you to elect a Republican Congress in order to back up and support the President, but even if they should in this impact upon some common matters on this side of the water they would impose on no one on the other side.

It is well understood there as well as here that the Republican leaders desire not so much to support the President as to control him.

The people of the allied countries with whom we are associated against Germany are quite familiar with the significance of elections. They would find it very difficult to believe that the voters of the United States had no choice to support their President by electing to the Congress a majority controlled by those who are in fact not in sympathy with the attitude and action of the Administration.

FOR SAKE OF NATION

"I need not tell you, my fellow countrymen, that I am asking your support not for my own sake or for the sake of a political party, but for the sake of the Nation itself in order that its inward unity of purpose may be evident to all the world.

"In ordinary times I would not feel at liberty to make such an appeal to you. In ordinary times divided councils can be endured without permanent hurt to the country. But these are not ordinary times.

"If in these critical days it is your wish to sustain me with undivided minds, I beg that you will say so in a way which it will not be possible to misunderstand either at home or among our associates on the other side of the sea. I submit my difficulties and my hopes to you.

"WOODROW WILSON, President of the United States."

The President to the Rev. E. L. Miley

THE WHITE HOUSE, WASHINGTON.

(TELEGRAM)

The Rev. E. L. Miley, First Christian Church, Hickman, Ky.:

I earnestly desire the election of Gov. Stanley to the United States Senate. I supposed that my whole-hearted support of him was well known throughout Kentucky.

EMINENT MINISTERS INDORSE
STANLEY FOR SENATOR

All Other Issues Must Give Way, Says Dr. W.
W. Landrum, One of Louisville's Fore-
most Temperance Advocates.

October 31, 1918

Dear Brother:

Grace, mercy and peace be with thee.

In a Louisville meeting held I read to day a report of a meeting held to elect a Senator. The title of the report is "Vote as You Pray".

All Baptists should vote as they pray. Just now the burden of our prayer should be that the world may be made safe for democracy. And George, brother of Henry Brainerd, as you know, the most distinguished Baptist in the world, Mr. C. C. Chalmers, president of the Southern Baptist Convention, "Tell the Baptist brotherhood that we are fighting for Baptist principles."

Baptist principles are democratic principles. Democratic principles are to-day in this country in the hands of the Democratic party. A Democratic President is the maintenance of that party. His word will close the war and determine the future of the world. Baptist principles should stand today.

I am a prohibitionist but prohibition is res adjudicata. The Kentucky

Legislature has voted the prohibition issue. The National Prohibition Convention has voted the prohibition issue. The National Prohibition Convention has voted the prohibition issue.

The prohibition issue is the main issue in the campaign. The prohibition issue is the main issue in the campaign. The prohibition issue is the main issue in the campaign.

Our brother, Stanley, voted as he prayed. He voted for Governor Stanley. He voted for Governor Stanley. He voted for Governor Stanley.

Our brother, Stanley, voted as he prayed. He voted for Governor Stanley. He voted for Governor Stanley. He voted for Governor Stanley.

Our brother, Stanley, voted as he prayed. He voted for Governor Stanley. He voted for Governor Stanley. He voted for Governor Stanley.

"I earnestly desire the election
of Governor Stanley to the
United States Senate."

WOODROW WILSON

WILSON WANTS STANLEY TO
HELP HIM WIN THE WAR

Wilson Wants a Democratic Senate
To Conclude An Early and
Victorious Peace.

Wilson Wants a Democratic Congress To
Aid Him In Bringing the
Boys Back Home.

Supported by a Senate in thorough accord with his wise policies and lofty ideas, Woodrow Wilson will speedily bring peace and order to a distracted world. This glorious day will be delayed if he and his party are repudiated at the polls and Lodge and Penrose and their faithful follower, Dr. Brainerd, are permitted to heckle and harass him. Every day's unnecessary continuance of this struggle means the loss of precious lives, means weary hours of waiting for the return of our loved ones.

Support Wilson, his party and his followers for the sake of our brave boys abroad; indorse him for the sake of their loved ones at home. Gladden the great heart of the first citizen of the world by a vote of confidence on November 5.

Stanley Indorsed By Labor

It is my most earnest wish that Mr. Stanley may continue to serve all of the people of the nation, and particularly the wage earners as an official representative in public office.

Fraternally yours, SAMUEL GOMPERS, President American Federation of Labor.

Cadiz Minister Exposes Campaign Canard

My attention has been called to a statement in the Louisville press that all six preachers in our town were opposed to the election of Stanley as Senator. The author of that pronouncement had never consulted me. I am not a Democrat in politics, and am not now interested in the election of Stanley as Senator. But my sober judgment of the issues involved compels me to favor the election of Mr. Stanley in preference to Mr. Brainerd. Certain Baptist Associations in Western Kentucky have seen fit in the exercise of their inalienable right to urge our people to vote against Mr. Stanley, but in that advice I cannot consent.

The prohibition question is a headlight in this campaign. That issue has reached such a stage that no matter which man is elected, his vote will fall on the right side. When nation-wide prohibition comes to a vote, good sense and good politics will put Stanley on the prohibition side. But, were his vote known to be against nation-wide prohibition, I should still emphatically favor his election.

The support of the President in the prosecution of this war is also a secondary matter. Both Mr. Brainerd and Mr. Stanley can be depended upon to fight this war through to a finish. In the present fever-heat of American patriotism, it would not be good sense or good politics for a Senator not to do so. Were the patriotic prosecution of this war the issue between these two men, I would not turn my hand over for the difference between them.

The issue in this campaign is greater and more vital than either of the things named. That issue is this: Shall certain definite ideals of social, economic and political justice for the world be realized? For the first time in many years we seem to have a President whose thinking is as clear and thorough as his purpose is positive and unshakable. Thinkers and idealists to whom this ark of justice has been a pleasant dream, and who have been somewhat skeptical of all politicians and their promises (even of Wilson at the outset) are now confident that they have as a President a man whose thought moves on as lofty a pitch as the political acumen to translate those ideals into legislation. OUI CONFIDENCE IS IN WOODROW WILSON. Let me quote from a recent magazine issue:

"Progressive citizens of whatever party have adopted President Wilson as their leader." The crucial matter in this campaign is not what Stanley or Brainerd will do while the war is on, but what they will do when the war is ended. Either man will fight the war through to a finish—it would be his finish if he did not. But, the prohibition issue is that one man would follow the leadership of his party chief and go WHERE WOODROW WILSON IS GOING, while the other man would line up with one of the two sections of the Republican party. It is on that "probability" that I FAVOR WHOLE HEARTEDLY THE ELECTION OF STANLEY AS OUR SENATOR. Wilson has the ideas and the ideals; he needs now the chance to put them into law. I am for giving him the MAN HE WANTS so that full responsibility can be thrust on him for any failure, if there is failure.

To my mind these vast and world-significant matters of social justice, of economic right, of political liberty demand with compelling force that every man who loves his fellow shall vote for Stanley as a Wilson man.

Sincerely, LESLIE L. SANDERS, Pastor First Baptist Church.

During The Spanish-American War,

ROOSEVELT SAID:

"A refusal to sustain the President this year will, in the eyes of Europe, be read as a refusal to sustain the war."

If THEN, Why Not NOW?

BECKHAM BACKS STANLEY

I have left the most pressing and urgent duties at the National Capital and traveled a thousand miles to bring to you this message that your President and his associates are watching with anxious and intense interest the outcome of this election in Kentucky and are hoping that you will not fail to show your appreciation of the splendid work which has been done by giving a vote of confidence on the November election day and electing to the Senate Gov. A. O. Stanley.

SENATOR J. C. W. BECKHAM.

World Will Consider Election of Republican Congress a Repudiation of Wilson

President Says "A Vote For Brainer Is a Vote Against Me."

Democratic Defeat Would Hamper Nation At Critical Time.

"My Fellow Countrymen:

The Congressional elections are at hand. They occur in the most critical period our country has ever faced or is likely to face in our time. If you have approved of my leadership and wish me to continue to be your unembarrassed spokesman in affairs at home and abroad, I earnestly beg that you will express yourself unmistakably to that effect by returning a Democratic majority to both the Senate and House of Representatives.

I am your servant and will accept your judgment without cavil, but my power to administer the great trust assigned me by the constitution would be seriously impaired, should your judgment be adverse, and I must frankly tell you so because so many critical issues depend upon your verdict. No scruple of taste must in grim times like these be allowed to stand in the way of speaking the plain truth.

Divided Leadership.

I have no thought of suggesting that any political party is

paramount in matters of patriotism. I feel too deeply the sacrifices which have been made in this war by all our citizens irrespective of party affiliations to harbor such an idea. I mean only that the difficulties and delicacies of our present task are of a sort that makes it imperative necessary that the nation should give its undivided support to the government under a unified leadership and that a Republican Congress would divide the leadership.

Interpretation Abroad. The return of a Republican majority to either House of the Congress would, moreover, be interpreted on the other side of the water as a repudiation of my leadership. Spokesmen of the Republican party are urging you to elect a Republican Congress in order to back up and support the President, but even if they should in this impose upon some credulous voters on this side of the water, they would impose on no one on the other side. It is well understood there as well as here that the Republican leaders desire not so much to support the President as to control him.

The people of the Allied countries with whom we are associated against Germany are quite familiar with the significance of

AVOID FIRES.

Gov. Stanley Proclaims Nov. 2 as Day to Clean up and Prevent Fires.

The menace of fire is greater now than ever, and the waste resulting from it entails a more irregular flow. This is a time for a maximum of production and of conservation, of tons of precious food stuffs, millions of feet of lumber, houses which cannot be reproduced on account of the scarcity of labor, all are destroyed by fire which could, with proper care, have been prevented. It is the duty of every citizen to assist in the prevention of fires and in bettering those conditions which produce them. It is now a sensible and patriotic duty to give this matter prompt attention. Gov. Stanley has named Saturday, Nov. 2 as "Fire and Accident Prevention Day," and it ought to be observed.

Catarhal Deafness Cannot Be Cured

Catarrhal deafness is caused by an inflamed membrane of the middle ear, the Eustachian Tube, which tube is inflamed you have a running ear and a deaf ear. Catarrhal deafness is a local inflammation, and it can be cured by a continuous remedy. PLANT BUTTER SOAP.

Plant Butter is a whole-some and highly nutritious food and nearly as much used as it should be. Pound for pound it possesses greater heat value than refined sugar, though it adds no sugar to the food. Plant Butter added to any dish makes it more palatable and adds nutritive value. There is a recipe for making soap. This is:

1 cup plant butter.
1 level teaspoon of salt.
1/2 level teaspoon of paprika.
2 1/2 cups boiling water.

Add tomatoes gradually to the plant butter and when smooth add the seasoning and water. Simmer for ten minutes and serve with a crockery. Well-seasoned soup stock may be substituted for the water. If used the quantity of water should be reduced.

Further Features Well Known to Hundreds of Hickman Citizens.

A familiar burden to many homes. The burden of a "bad back." A lame, a weak or an aching back often tells you of kidney ills. Don't's Kidney Pills are for weak kidneys.

Here is Hickman testimony. J. R. Brown, lumber merchant, Main St., says: "A number of years ago I strained my back and at different times since I have suffered with sharp pains across my kidneys. As I have known of Don't's Kidney Pills for years, I have always used them when my back bothered me and I surely can say a good word for this medicine in return for the benefit I have had."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Don't's Kidney Pills—the same that Mr. Brown had. Foster-McMillan Co., Mfgs., Buffalo, N. Y.

SPEAKING OF "FOOTIES."

The serious process of the "footie problem" demanding attention from American Army officers and scientists. In this country and abroad is indicated in experiments recently completed by an entomologist of the United States Department of Agriculture. These experiments support the belief that the faculty of the body louse has been greatly underestimated.

In a period of 25 days one "footie" deposited 274 eggs—an average of 11 a day—with a maximum of 14 in 24 hours. The period from deposition of the eggs to the final molt was 15 days, only 16 days elapsed in the period of development from an egg to the egg-laying adult.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off and dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.
